DECEASED PERSONS.

A "Wandering Jew."

A few days ago one of our most stable Democrats received a circular from Mr. John Cessna. It was issued September 1, and was addressed to "a friend of the Republican party, and especially of its principles." But Mr. Cessna, having his mind on the matter, for some one who votes with his eyes closed as good a Democrat as ever voted from his heart. We have a few eye voters here, but they generally have a good deal of "chalk" in their eyes, and that means they vote for red handkerchiefs as not. They all belong to the Republican party, and are of that race that the Buckeye Blacksmith says "used to have thick lips but now have them down to regulation size; that once had fat noses, that now are bony; that used to stink but now smell as sweet as a prairie rose."

This circular says that Mr. Cessna is "hard up" and that money is needed for the Republican to secure both branches of the Pennsylvania Legislature that he has received no funds by voluntary contribution, and without material aid, and a good deal of it, they are to use the classical language of Mr. Micawber, "hooray."

It is a well established and pretty well known fact that Democrats are in a great deal of a money strait; but Mr. Cessna is foolish to suppose we are going to put our superfluity in the hands of a small band of men. We live to hear a man say that. We know what kind of claps travel the "path"—we do.

Nay, Mr. John Cessna, the dove you sent out from your weather-beaten old leaky craft down here to Fairfield's peaceful waves don't take you back an olive branch, it can find nothing but a cypress.

## COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE.

General William Patton has appointed this evening as the one on which he will make his address to the citizens of Columbia, in the interest of the Democratic party on the tariff issue. The meeting is announced to be an open air one, but we are afraid the present inclement weather will occasion a postponement or a change of arrangements. General Patton is a manufacturer and can see the benefit or evil of protection, and we have no doubt that when he gives an exposition of his views of the question he will have plenty of attentive listeners.

The subject to be discussed by Rev. F. W. Staley, of the E. E. Lutheran church on Sunday morning, is "The Results of Reformation." On Sunday evening his sermon will be on "Martin Luther."

Prayer meeting will be held at 9 a. m. and 7 p. m. All are invited.

The Pennsylvania railroad excursion tickets to the Frederick county, Md., fair become invalid after to-day. They are good from October 26 to the 29, inclusive.

Very few Columbians went to the fair. The fair was closed by the sheriff. Their goods will be sold at public sale on Friday morning, November 5.

Mr. J. Bartholomew of Topeka, Kan., is visiting in Columbia, guest of Mr. Henry Snyder.

Today is a harvest day for the duck shooters about here. They (the ducks) are reported to be as thick as hops and they are fully equalled in numbers by the amateur sportsman, who are, or were, out in great force and the continued bang, bang of their guns give reason to believe that they got in on something. Messrs. J. A. Meyers and George Crane, together, brought down seventeen and they returned to shore early in the day. John M. Read, who got in about 11:30 o'clock, had thirteen—all shot by himself. It is reported here that two swan were shot on the river near Marietta by two men named Engraff and Bell. Each swan is said to have weighed twenty pounds.

Mr. Frank Cushman, of Marietta, was in town to-day.

The condition of the Hancock and English battle did not take place last evening on account of the rain and the condition of the streets. It is generally understood that no parade will now be given until Monday evening next, when both Democrats and Republicans will take part.

The election of the Susquehanna rolling mill will be held to-morrow evening.

Sheriff Stine is again in town to-day. Are there any more business houses in danger?

The condition of Mr. Case, who was injured Wednesday in a runaway accident, is to-day much improved.

His honor Judge Livingston was in town this morning.

Miss Maggie Cooper left here at 12:25 to-day on a visit to Philadelphia.

Free Delivery of Letters.

Columbians are made that the letter carriers of the Hancock postoffice deliver to the letter carriers to persons residing in the suburbs of the city. The latest complaint made to us is that of Mrs. John Clay, residing at 618 North Lime street, who has an invalid in the hospital in Philadelphia. Mrs. Clay states that the letter carrier has declined to deliver to her the letters addressed to her, and that becoming much alarmed by reason of not hearing from her husband she went (or sent) to the postoffice a day or two ago and inquired of the letter carrier, who told her the carrier had failed to deliver.

Mr. Marshall, the postmaster, on being asked about the matter, says that the law does not make it necessary for the carriers to deliver letters to all parts of the city; that he, as postmaster, fixes the limits within which the carriers shall deliver letters, and that he has directed the carrier to deliver letters on North Lime street only as far north as James street. He says, however, that if letters, which he indicates to be of importance, are sent to the office he would have them delivered even outside of the established limits. He says further that he has no knowledge that three letters addressed to Mrs. Clay, ever laid unfiled in the postoffice, and that Mrs. Clay's little boy calls almost every day for letters and lifts them if any there be.

An old postoffice clerk, who served under a former administration, asserted that when he was in the postoffice, the rule was to deliver letters to all places within the city limits, and he maintains that the law makes it obligatory on the carriers to deliver mail matter to all places within the city limits. Who shall decide the matter?

Charged With Stealing Money.

Leola Bullant, a German girl, was arrested last night by Chief Decker, on a charge of stealing money from William Wisner, butcher, of South Queen street. The girl has been living as a domestic in Mr. Wisner's house for some time past. About two weeks ago \$75 was stolen and the girl was suspected. Last night she managed to get her trunk out of the house without the knowledge of the family. She had it taken to the Pennsylvania depot, where she went herself. About 12 o'clock last night Chief Decker went there and arrested her. He found over \$80 in the possession of the girl. She was taken to the police station, where \$12 in paper money; 12 silver dollars; \$32.50 in halves and quarters; \$4.10 in 5s, 10s and 20c pieces. Mr. Wisner has several old paper 5 cent pieces and quarters in his money and these, or one, he says, she stole from the girl. She denies that she stole the money. Alderman A. F. Donnelly of the Seventh ward committed her in default of bail for hearing on Monday. She has not been in the country very long and it is believed that she was starting to return home when she was arrested last night.

Tobacco Men for Hancock.

Last evening the cigar makers and tobacco packers of the city supporting General Hancock met at the central headquarters for the purpose of arranging for a parade. The attendance was large and the enthusiasm among the manipulators of the "weed" was very marked. Philip Bernard was chosen president, John S. Beck vice president, A. T. Trout secretary, and James G. Gill treasurer; Adam J. Sauer marshal, Leo Jacobs, B. F. McCue, Chas. D. Smith, Milton Weidner, A. L. Pyle aids.

It was resolved to make a short parade on Monday evening and the procession will dismiss in time to attend the last grand Democratic rally to be held at the court house. The feeling among all present was red-hot and the cigar manufacturers, strippers and other representatives of the tobacco interest will undoubtedly make a fine showing in the parade and at the polls.

Sudden Death.

James Wilhelm, who has been afflicted with dropsy and has for some time been at the Lancaster hospital for treatment, died at a hearty breakfast this morning and in walking away from the table dropped over dead, life being extinct when he was picked up by those who saw him fall. He was about 45 years of age, a widower, and was born and had always lived in this city. He was a carpenter by trade.

The coroner held an inquest on the body and the jury rendered a verdict of death from heart disease.
